League Files Lawsuit to Correct Error-Prone Ballot Verification Process in New York

7/8/2020

[Read a copy of the complaint here.](#)

NEW YORK CITY & WASHINGTON – Today, the League of Women Voters of the United States and the League of Women Voters of New York State joined an individual plaintiff in a federal lawsuit to ensure absentee voters have the opportunity to cure their ballots for the remaining 2020 election cycle.

“For the past two election cycles, New York’s ballot rejection rate has been among the highest in the country,” said **Laura Bierman**, executive director for the League of Women Voters of New York State. “Voters need the opportunity to ensure their vote is counted and their voice is heard. We want to make sure that when a ballot is challenged, the voter is notified and has sufficient time to correct the error.”

LWV Celebrates the Advancement for D.C. Statehood

6/26/2020

WASHINGTON – The League of Women Voters CEO **Virginia Kase** issued the following statement following the U.S. House of Representatives passage of H.R. 51, the Washington DC Admission Act:

“Today the residents of the District of Columbia are one step closer to an equal voice in our government. The House passage of this bill is the first step to providing the more than 700,000 residents of Washington, D.C. the Congressional representation they deserve. The taxpayers of the district deserve the same rights as everyone living in all 50 states. Washingtonians deserve full voting representation in the U.S. Congress and the end of Congressional interference in the district’s government.

“D.C. statehood is not a partisan issue but a civil rights issue which cannot be separated from the fight for racial justice. As D.C. is a jurisdiction with a majority population of Black and Brown people, continued efforts to block full representation is discrimination against the people who live, work, and pay taxes in the District. For decades, Congress has refused to vote on statehood, based on racist accusations that D.C. cannot govern itself. It is long past time that we dispel with these racist and discriminatory excuses and deliver justice to the residents of our nation’s capital.
