LWV Founded

The League was officially founded in Chicago in 1920, just six months before the 19th amendment was ratified and women won the vote. Formed by the suffragists of the National American Woman Suffrage Association, the League began as a "mighty political experiment" designed to help 20 million women carry out their new responsibilities as voters.

◦ 1957

LWV Education Fund Established

As the League became more active in issue advocacy, the need arose for a separate organizational arm for activities like voter registration and information. The League of Women Voters Education Fund was established to encourage the active and informed participation of citizens in government and to increase understanding of major public policy issues.
