

Dear **Senator/Representative XX**:

In an effort to chip away at the barriers that divide us and find common goals that unite us, the **League of Women Voters** of **(insert League Name)** is asking that you do one simple thing – **ignore** the aisle and **sit** with members of the other party.

We urge you to sit "outside your box" so that you can listen to, talk with, and work with members and leaders from both sides of the aisle. Find what unites us because –

UNITED WE SIT, DIVIDED WE FAIL

Sincerely,

League of Women Voters
