

# Summer 2021 Semi-Annual Survey (1.2)

## Introduction

---

As the League of Women Voters turns 100 and focuses on the future, it is critical that we are able to effectively tell our story. By administering this Semi-Annual Survey to more than 750 Leagues, we are aiming to gather the data needed to do so.

This survey collects information that directly speaks to the LWVUS' Strategic Framework 2020-2024. In particular, the survey will collect data to help measure our collective progress in four areas: (1) increasing voter access and participation, (2) strengthening Leagues' operational capacity, (3) being a growing, equitable, and inclusive League community, and (4) growing the League's advocacy and activism. As this survey will be administered twice a year moving forward, we look forward to tracking changes in each of these areas.

This survey is focused on **November 4, 2020 through May 9, 2021** and asks a series of questions about your League's activities, partnerships, and the communities you are working in.

Leagues may need input from different League members to fill out this survey, so please review the PDF version of this survey available on our League Management Site to determine who in your League might need to provide which information.

The survey will close on June 11, 2021. The findings from this survey will be shared with you through webinars in future months.

If you have any questions you can contact Amilcar Guzman, Ph.D. at [aguzman@lww.org](mailto:aguzman@lww.org).

From all of us at LWVUS – thank you for completing this survey. Your time, knowledge, and effort are greatly appreciated.
