

Empowering voters. Defending democracy.

The League of Women Voters is a nonpartisan organization that has fought since 1920 to empower voters and defend democracy. It conducts pro-voter activity at the national, state, and local level through 700+ Leagues in all 50 states and the District of Columbia. With more than a million members and supporters, the League is one of the most trusted nonpartisan voices in the elections landscape with deep grassroots in every corner of America.

In 2024 alone, the League:

- Provided **9.19+ million voters** with trusted, nonpartisan voting information in both English and Spanish
- Provided information on **55K+ candidates** via VOTE411 voter guides
- Made **30+ million voter contacts** to get-out-the-vote through digital and in-person organizing events
- Registered **hundreds of thousands** of voters
- Protected **9.38 million voters** via litigation

LWV's trusted nonpartisan resources are needed more than ever. Partnerships help ensure our efforts are effective and that we, in turn, help others who share our goal of empowering voters and defending democracy. We coordinate with our partners during every phase of our partnership — from planning to launch and implementation — to ensure a smooth and meaningful collaboration.

POWERING DEMOCRACY TOGETHER:

Partnership with the
League of Women Voters

How to Partner

LWV works with partners to help educate and equip voters to make their voices heard at the federal, state, and local level — at the ballot box and beyond. We develop customized collaborations that integrate with a partner's unique brand, values, audience, and channels of communication to authentically promote civic engagement to their network and ensure the greatest impact.

The League works with partners to:

Provide nonpartisan voting resources and tools

VOTE411.org is our one-stop shop for all the election information and tools a voter needs to cast their ballot, based on their individual ZIP code, with information available in both English and Spanish. We offer interested partners a co-branded, customized landing page that can be fully integrated into digital and printed communications.

Support local organizing efforts

Our 700+ chapters are constantly hosting voter registration drives, debates, issue forums, and civics education sessions, and advocating for pro-voter policies. We collaborate with partners to host local activations with our League chapters. We also collaborate on national trainings and campaigns to equip partner networks to engage locally as volunteers.

Provide civics education and expertise

We offer virtual educational webinars for partner networks on voting rights, relevant democracy issues, and representation. In certain instances, League leaders may also be available to speak at partner-hosted events.

Sponsor League programming with charitable giving

We appreciate support that helps us expand our efforts. We work with partners on everything from sponsorship of a specific targeted program of interest to collaborative public fundraising campaigns.

Past Partner Examples

Microsoft

ALA American Library Association
